

# Breakthrough Overseas Missions Annual Bulletin 2018

to Canadian supporters

Thank you for your loving donation

**Rev. Simon Li**  
Chairman,  
Breakthrough Overseas Missions

## Our New Ministry in Hong Kong

Many Breakthrough supporters often ask, "What new Breakthrough ministry is happening in Hong Kong?" I appreciate both their care for the younger generation in Hong Kong and their understanding of the need to be innovative in our approach to witness and spread the eternal love of the Gospel in our ever changing times.

Through years of prayer and research, Breakthrough colleagues in Hong Kong decided to remodel Breakthrough Centre located on a bustling street in a Kowloon urban neighborhood. With the 2nd floor remaining as popular counselling centre, all the space from basement up to 1st floor has been transformed into multi-level multi-dimensional 'Breakthrough Cultural Space' – Trial & Error Lab, Community Space, Cultural Space and Spiritual Space. The fluidity, continuity and integrated design of these four 'spaces' is strategically filling the need for wholeness in creativity, productivity, community and spirituality, in this fast paced and fast polarizing city.

The Board of Breakthrough Overseas Missions is excited about this rare and timely opportunity to witness and outreach going into the second decade of the 21st century. We are now targeting to raise CAD \$100,000 to participate in this ministry opportunity. We count on your support in prayer and in generous donations for our mission in Kong Kong. Working together, let us redeem the time for the next generation in a city we love, buying up the opportunity.

## 45 Years of Unbounded Grace

**Joyce Man**  
General Secretary, Breakthrough

### Mission Enfolding

As Breakthrough reaching its 45th year, we are blessed to be able to carry on our legacy, amidst transitions in both Hong Kong and Breakthrough. Behind the glamour of this bustling city, many young people are caught in the pains of broken relationships, studies and a fretting future .....

Breakthrough has been working tirelessly to renew our ministry to meet the changing needs of the Millennials. Right now, Hong Kong has more than 150,000 working-poor households while 25% of school children (250,000) is living under the poverty line. It is our belief that every young one deserves to be cared and nurtured. Hence, we shall continue to commit our best effort and resources in response to their changing needs. It is not an easy road, yet I am sure His grace is sufficient, demonstrated through the loving support like yours.

### Love Enduring

With a thankful heart, I went on to Vancouver and Toronto. Other than expressing our gratitude to members of Breakthrough Oversea Mission and friends on behalf of our community, it gave me the opportunity to share our vision and latest progress. Though miles apart, your thoughts and prayers are never far from us.

Joyce Man (Back 3rd right) &  
BOM Vancouver Chapter

Also, I was privileged to preach and meet up with many brothers/sisters at the Toronto Christian Community Church. All these unfailing love and friendships are like bright, glistening stars, lighting up our journey into the future .....

### Hope Everlasting

Since "a town built on a hill cannot be hidden", the Breakthrough Youth Village had been the breeding ground of our ministries for more than 20 years. We shall continue to reflect on God's creation, by practicing simple living and attuning to the gifts of nature!

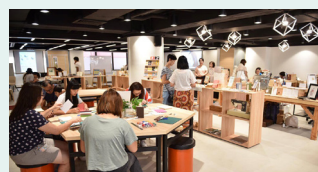

We are thankful that the 3-year Breakthrough Cultural Space Project had raised HK\$10million for building and ministry development, comprising 4 main tracks: the Counselling Centre, Book Gallery, Trial & Error Lab plus our City Pathfinding initiative. With only \$2M away from our target, the Project manages to engage churches, schools, businesses and the community, forging new pathways for the young generation. It is partners like you that enable the Breakthrough story to live on and shine, while youth life will be rekindled with love and new hope!

## Hope to see you soon

**Jeffrey Chau**  
Associate General Secretary, Breakthrough

It was such a blessing to meet the board members of Breakthrough Overseas Missions when I visited Toronto this July. I am greatly moved by their passion on Breakthrough youth ministries, especially our recent core project – Breakthrough Cultural Space. It is a new starting point for us to walk with our young people and share God's love and grace with them. As we are still raising fund for its renovation, we look forward to your prayers and donation supports. Let us join hands together to build up the lives of our future.

Breakthrough Cultural Space —  
Trial & Error Lab

Our book "Communication for Parenting Teenagers" receives a lot of positive feedback. It has been a blessing to many people especially in the area of youth communication challenges. Some churches and organizations even arranged 'Study Group' to explore details about this subject. Thus we hope to visit Canada soon and have training session and workshops with pastors and parents there. See you then.
